

The 2023 E-axes Forum Research Prize

The E-axes Forum awards an annual prize to recognize outstanding research conducted by young scholars in macroeconomic policies and sustainability.

The topic of the 2023 Prize

Applicants must submit a completed but unpublished paper on:

“Financing the Green Transition”

Topics of interest include, but are not restricted to:

- What is the appropriate role of financial markets and institutions in financing the green transition?
- How can nonfinancial corporations best facilitate the financing of the green transition?
- How can fiscal policymakers, financial regulators, and central banks help to facilitate the financing of the green transition?
- What is the appropriate role of international financial institutions, including development banks?

Prize Award Criteria

The E-axes Forum will assess papers using three selection criteria: i) innovative thinking and scientific merit, ii) implications for policymakers, and iii) relevance to the themes described above. The prize amount is \$5,000 and is intended to support the recipient(s) in their research activities. The total cash award is the same for both single and co-authored papers. Should more than one winning paper be selected, the total cash award will be distributed equally between the authors of the prize-winning papers.

Submission deadline: September 15, 2023

Please submit research papers and author(s) CV by email to prize@e-axes.org. The winner will be announced in mid-November 2023.

Eligibility Requirements

The prize is intended to support young researchers in their early career development. Eligible candidates must either have completed their Ph.D. in 2016 or later; or are completing their Ph.D. in

2023-2024. Both single and co-authored papers will be considered. However, all authors of a co-authored paper must comply with the eligibility requirement.
